Type	Global ID	EAN	Description	Package
M-list	2TKA00005301	6438199012810	Fastening list for flexible and rigid conduits (16mm/20mm)	10/150

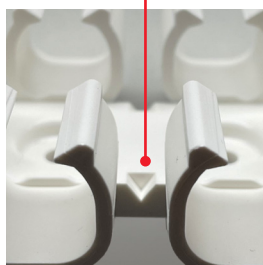

Universal clamps for 16/20mm flexible and rigid conduits. Double clamps ensure secure connection and direction of mounted conduits.

Locking ribs keep flexible conduits in place so that there is no sliding. Designed so that locking rib is not interfering with fixing of rigid conduits.

Countersunk screw holes for easy screw mounting of M-list to any surface. M-list is designed for work with various tools Including nail guns.

Pre-marked for easier cutting in half. Dimension (length) corresponds to the standard width of the hollow wall/ceiling framework.

M-list could be also cut in smaller pieces, where needed. And can be attached on top of the other.

Pre marked screw towers for easy and safe mounting of additional layers of conduits. The lower screw tower should be cross-shaped and the one on top circle. Use even with common carpenter screws.
