

Excel Category 6 FTP Toolless Keystone Jack - Butterfly Style

Item Code: 100-210

excel
without compromise.

✕ Category 6

✕ Fast, easy, reliable termination

✕ Clear IDC termination colour coding

✕ Suitable for foil and braided screen cables

✕ 25 Year system warranty

Product Overview

Excel toolless jacks are one of the simplest methods of providing a high level of repeatable quality of fast termination. Suitable for both traditional and pre-terminated installations, each jack has a standard RJ45 keystone jack footprint and is suitable for mounting in the Excel shutters, faceplates and patch panel frames detailed in this catalogue.

Termination is a quick and simple three stage process, prepare and position the pairs from each cable within the colour coded termination cap, once in place the termination cap is snapped onto the IDC block, finally earth either the drain wire or overall braid screen to the shield cap.

Product Specifications

Feature	Values
Model	Jack
Type of connector	RJ45 8(8)
Category	6
