

Installation of Extender

1 Connect the product

Turn off the power and connect the product according to the wiring diagram below.

Control inputs 1 and 2 can be used for control with:

- push button (preset)
- light switch
- motion sensor (with neutral conductor).

The inputs can also be used to wirelessly control one or more products from Plejd. Additionally, double click on a push button can be used to activate scenes.

2 Install in the Plejd app

To extend the range or use other functions, the product must be added to the system in the Plejd app. Follow the instructions in the app.

NOTE! Risk of injury to person or property. All work on the appliance must be carried out by an authorized electrician. National laws and regulations must be followed.
